PO1a	Sellindge West, Ashford Road, Sellindge	Sellindge	0.52		4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Located in an area of general archaeological potential. Close to the Grade I Listed Church of St Mary whose setting should be protected.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO1b	Sellindge West, Ashford Road, Sellindge	Sellindge	3.16		4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Located in an area of general archaeological potential. Close to the Grade I Listed Church of St Mary whose setting should be protected.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																				
PO2 323 - 2	Cydonia, Ashford Road, Newingre	Lympe	1.43	06-Aug	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Located in an area of general archaeological potential.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																				
PO3	Hawkinge East Revised	Hawkinge	2.51		5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Lies adjacent to area of Early Iron Age activity and known Late Iron Age settlement. Is located in an area where there is a high potential for archaeological remains.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																				
PO4	Land South West of Canterbury Road	Lympe	3.8		5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site lies immediately close to the site of known Anglo-Saxon cemetery, on the edge of historic settlement of Lympe which is a Scheduled Monument.	Amber	Development of all or part of the site may not be appropriate. Pre-determination archaeological evaluation is required to determine what development can be achieved (if any).																																				
PO5	Site at Red House Lane, Lympe	Lympe	0.8	08-Oct	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site lies immediately close to the site of known Anglo-Saxon cemetery, on the edge of historic settlement of Lympe which is a Scheduled Monument.	Amber	Development of all or part of the site may not be appropriate. Pre-determination archaeological evaluation is required to determine what development can be achieved (if any).																																				
PO6	Zoo Car Park, Lympe	Lympe	25.3	400-450	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	2	Site includes a number of significant buildings and structures associated with the former Lympe airfield. Remains include a large concrete structure.	Amber	Development of all or part of the site may not be appropriate. Pre-determination archaeological evaluation is required to determine what development can be achieved (if any).																																				
PO7	Land south of Aldington Road/West	Lympe	12		5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site adjoins the Lympe Conservation Area and may have a considerable impact on its setting. The Conservation Area and adjacent area are of high archaeological potential.	Amber	Development of all or part of the site may not be appropriate. Pre-determination assessment of impact of development on Conservation Area and on the setting of nearby Listed Building(s) and Scheduled Monument is required to determine what development can be achieved (if any).																																				
PO8	Land rear of Touchwood, Stanford	Stanford	0.9		5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Located close to the Grade II Listed Stanford Windmill. Site lies in an area of general archaeological potential and adjacent to a Scheduled Monument.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions. Further assessment of impact on setting of nearby Listed Building(s) is required prior to determination.																																				
PO9 (422)	Land opposite Underhill Cottages	Newington	0.23		5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site is located in an area of general archaeological potential, with evidence for Romano-British settlement and Bronze Age activity.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																				
PO10	Cherry Gardens, Cherry Gardens	Elham	0.83	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site shares part of its boundary with the Elham Conservation Area and may have an impact on its setting. The site lies in an area of general archaeological potential.	Amber	Setting of Elham Conservation Area needs to be taken into account. Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																				
PO11	Land at Cock Lane, Elham	Elham	0.5	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site lies close to the Elham Conservation Area and may have an impact on its setting. The site lies in an area of general archaeological potential.	Amber	Setting of Elham Conservation Area needs to be taken into account. Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																				
PO12	Land at Cullens Hill, Elham	Elham	0.21	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site adjoins the Elham Conservation Area and development here may be harmful to the setting of the Conservation Area.	Amber	Setting of Elham Conservation Area and nearby Listed Buildings needs to be properly assessed and taken into account. Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																				
PO13	Land at Canterbury Road, Elham	Elham	1.02	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site lies close to the Elham Conservation Area and may have an impact on its setting. The site lies in an area of general archaeological potential.	Amber	Setting of Elham Conservation Area needs to be taken into account. Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																				
PO14	Land West of Canterbury Road, Elham	Elham	1.12	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site lies in an area of general archaeological potential.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																				
PO15	Land East of Canterbury Road, Elham	Elham	1.19	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site lies in an area of general archaeological potential.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																				
PO16	Three Acres Site, Park Farm Road	Folkestone	1.29	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site lies in an area of general archaeological potential, but has been previously developed. Lies close to or on the line of a Scheduled Monument.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO17	Five Acres Site, Park Farm Road	Folkestone	1.5	Unspecified	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site lies in an area of general archaeological potential, but has been previously developed. Lies close to or on the line of a Scheduled Monument.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO18	Land between Hillside and Brande	Brenzett	0.29		6	4	4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Proposed allocation site is located in an area of general archaeological potential on edge of Brenzett. The ditches that bound the site are of archaeological interest.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																			
PO19	Land adjacent to Framlea, Rye Road	Brookland	0.15		4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	Green	No identified historic environment issues.	Green	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																		
PO20 (437)	Cherry Gardens, Littlestone	New Romney	0.6		10	4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Located in an area of background archaeological potential.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO21	Land behind Village Hall Car Park	Dymchurch	0.4		8	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Site immediately adjoins the Dymchurch Conservation Boundary to the south. The site lies in an area of background potential.	Amber	Setting of the Dymchurch Conservation Area needs to be taken into account. Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO22	Fairfield Court Farm, Brack Lane	Stargate	1.1		9	4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site is located on the site of Fairfield Court, one of a number of historic farmsteads on Romney Marsh. Fairfield Court is a Scheduled Monument.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																			
PO23	Land at Harden Road, Lydd	Lydd	1		30	3	4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site is located in an area of general background archaeological potential.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																			
PO24 (620)	Land at Harden Road, Lydd	Lydd	1.8	15-30	10	4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Site is located in an area of general background archaeological potential. The pond in the eastern corner of the site is a Scheduled Monument.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																			
PO25	Land adjacent to Josephs Way, New Romney	New Romney	0.62		20	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Located in an area of background archaeological potential.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO26	Cemex, Station Approach Road, LH	New Romney	1		21	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	4	Located alongside the RH&DR. Station Road, Canfield Road & Neptune Road appear on the Second & Third Edition OS maps.	Amber	Archaeological mitigation measures may be required and can be accommodated through planning conditions.																																			
PO27	Dymchurch Recreational Ground, Dymchurch	Dymchurch	1.5		13	4	4	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Located in an area of general archaeological potential.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																			
PO28 (1014)	Land at St Andrews Road, Littlestone	New Romney	2.1		21	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Located a short distance to the west of the The Littlestone, Madeira Road Conservation Area.	Amber	Further assessment of impact of development on the setting of Conservation Area is required prior to determination.																																			
PO29 (327)	Land off Teddars Leas Road, Etchinghill	Lympe	1.2		18	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	Located in an area of general archaeological potential on the edge of the village of Etchinghill.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions.																																			
PO30	Land off Boarmans Road, Brookland	Brookland	10		10	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	5	3	The site is located a short distance to the north-west of the Brookland Conservation Area. Brookland lies in an area of general archaeological potential.	Amber	Archaeological mitigation measures will be required and can be accommodated through planning conditions. Further assessment of impact of development on the setting of Conservation Area is required prior to determination.																																			

be required and can be accommodated through planning conditions.
