

Local code of corporate governance 2025/26

Introduction

The Council produces a code of corporate governance which is reviewed on an annual basis. Guidance for preparing the code is provided by the Chartered Institute for Public Finance and Accountancy (CIPFA).

CIPFA has developed a framework for good governance in the public sector based on the International Framework, Good Governance in the Public Sector.

The framework comprises of seven principles of good governance. In the framework governance is defined as:

Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

Effective governance in the public sector encourages improved decision making and efficient use of resources. Effective governance is characterised by robust scrutiny, which provides important pressures for improving public sector performance and tackling corruption. Effective governance can improve management leading to better service delivery and ultimately, better outcomes.

The Local Code of Corporate Governance is the document that sets out the framework within which the Council conducts its business and affairs.

The seven principles of good governance set out in the framework are:

A. Strong commitment to integrity, ethical values, and the rule of law.

B. Openness and comprehensive stakeholder engagement.

C. Defining outcomes in terms of sustainable economic, social and environmental benefits.

D. Determining the interventions necessary to optimise the achievement of intended outcomes.

E. Developing the capacity of the entity, including the capability of its leadership and the individuals within it.

F. Managing risks and performance through robust internal control and strong public financial management.

G. Implementing good practices in transparency and reporting to deliver effective accountability.

The core principles for good governance in the public sector are high level and bring together a number of several concepts. The figure below sets out the relationship between the principles.

A Strong commitment to integrity, ethical values, and the rule of law

The Council is responsible for using national resources collected through taxation to provide services for our citizens. We are accountable not only for how much we spend but also for the way we use the resources with which we have been entrusted.

In addition, we have an overarching mission to serve the public interest, in adhering to the requirements of legislation and government policies.

Ethical values and standards are defined in the Council's Constitution and should form the basis for all our policies, procedures and actions as well as the behaviour of our members and staff.

Council officers may be involved with interpreting laws; such activities demand a high standard of conduct that prevents these roles being brought into disrepute. We should demonstrate a strong commitment to the rule of law as well as compliance with all relevant laws.

This makes it essential that we can demonstrate the integrity of all our actions and that we have mechanisms in place that encourage and enforce a strong commitment to ethical values and legal compliance at all levels.

- 1 The Council will maintain core values) both for the Council and its officers. These are One Team, Thinking Ahead, Performance Counts and Customer First.
- 2 We use core values as a guide for decision making and as a basis for developing positive and trusting relationships within the Council. We demonstrate this by adherence to the constitution.
- 3 We have adopted formal codes of conduct defining standards of personal behaviour for members and officers.
- 4 We maintain the Audit and Governance Committee to raise awareness and take the lead in ensuring high standards of conduct are embedded within the Council's culture.
- 5 We have put in place arrangements to ensure that members and staff of the Council are not influenced by prejudice, bias or conflicts of interest in dealing with different stakeholders. We have put in place appropriate processes to ensure that these arrangements are workable including declaration of interests and anti-corruption policies.
- 6 We ensure that systems and processes for financial administration and control together with protection of the Council's resources and assets comply with ethical standards; and are subject to monitoring of their effectiveness.
- 7 We will ensure that professional advice on matters that have legal or financial implications is available and recorded well in advance of decision making if appropriate.
- 8 Officers will actively recognise the limits of lawful activity placed on them but also strive to utilise their powers to the full benefit of their communities.
- 9 Officers will observe all specific legislative requirements placed upon the Council as well as the requirements of general law, and in particular integrate the key principles of administrative law – rationality, legality and natural justice into the procedures and decision making.
- 10 We have put in place effective systems to protect the rights of staff. We ensure that policies for whistle-blowing which are accessible to staff and those contracting with the Council, and arrangements for the support of whistle-blowers, are in place.
- 11 We will publish an Annual Governance Statement, signed by the head of paid service and the Chairman of the Audit and Governance Committee to confirm that we are satisfied that we have effective governance arrangements in place.

B Openness and comprehensive stakeholder engagement

The Council operates for the public good and recognises there is a need for openness about our activities as well as clear channels of communication and engagement with all stakeholders. We must demonstrate that we act in the public interest at all times to maintain public trust and confidence. We should demonstrate clear reasoning for decision making and ensure that this is formally recorded for retrospective public scrutiny.

- 1 We will ensure that the Council's vision, strategic plans, priorities and targets are developed through robust mechanisms, and in consultation with the local community and other key stakeholders, and that they are clearly articulated and disseminated.

- 2 We will maintain a culture of accountability so that members and officers understand to whom they are accountable and for what.
- 3 We will strive to engage with stakeholders on an individual and collective basis to demonstrate that we deliver services and outcomes that meet the needs and expectations of the public. These arrangements will recognise that different sections of the community have different priorities and establish robust processes for dealing with these competing demands.
- 4 We will deliver effective scrutiny of the Council's business as appropriate and produce an annual report on the activities of the overview and scrutiny function.
- 5 We will ensure that the Council as a whole is open and accessible to the community, service users and staff and we are committed to openness and transparency in all dealings. We will attempt to publish all committee agenda items publicly unless there is the need to preserve confidentiality where it is proper and appropriate to do so.

C Defining outcomes in terms of sustainable economic, social, and environmental benefits

The Council has prepared and published a plan which sets out the Council's priorities; a Medium Term Financial Plan which is a financial representation of the Council's Vision and supports the priorities.

We will review this document on a regular basis to ensure they reflect the vision of the Council.

- 1 We will make a clear statement of the Council's purpose and vision and use it as a basis for corporate and service planning.
- 2 We will ensure that those making decisions are provided with financial and non-financial information that is fit for the purpose – relevant, timely and gives clear explanations of technical issues and their implications.
- 3 We will identify and monitor service performance indicators which demonstrate how the quality of service for users is to be measured.
- 4 We maintain a prudential financial framework, balance commitments with available resources; and monitor income and expenditure levels to ensure this balance is achieved.
- 5 We ensure compliance with the CIPFA codes regarding a Prudential Framework for Capital Finance and Treasury Management.

The Council's financial management arrangements ensure that there is adequate resource available to deliver
