Dear Mr Crass,

I refer to your Notice of a Public Enquiry I respect of the Proposed Stopping Up of Highway at Princes Parade, Folkestone and wish you to know that I object to the Order.

1. Realigning the road will result in the loss of amenity for the General Public as the road currently provides access to approximately 1.5 miles of the seashore with safe parking.
2. The rerouting of the road only 13 meters alongside the Royal Military Canal will completely spoil the pleasure of walking by the canal due to noise and pollution and be a threat to the diversity of nature by adversely affecting the habitat.
3. There will be a loss of parking spaces along the seafront which will put more pressure on the surrounding residential roads.
4. The timescale of the project must be lengthy and so the pressure on the existing A259 will be huge during that period.

Yours sincerely
