Subject: Princes Parade Stopping Up Order Public Enquiry

Attn of Caroline Williams

Dear Caroline,

As longstanding residents of ██████████ we should like to express our concerns at the impact stopping up Princes Parade would have on the volume of traffic passing our house.

It is evident that many people who work in Folkestone but live in South Road or any of the roads East of there currently use Princes Parade to travel to and from work. They would then need to access the main road via Stade Street or Twiss Road.

Also, Princes Parade is used as a diversion when Seabrook Road is closed and we cannot think of a reasonable alternative.

Would you please ensure our concerns are taken into account at the enquiry.

Yours sincerely,

Robin & Gill Pritchard ██████████
