Subject: Princes Parade, Hythe

Dear Committee,

The seafront road from Hythe to Seabrook has been a special route for generations of residents and visitors alike. Very few public roads offer such a special amenity to the area. Directly beside the beach with beautiful views across the Channel it has provided pleasure for all ages, whether walking, cycling, swimming or just sitting in a parked car to enjoy the proximity to the sea.

Any attempt to redirect this special road for whatever planning reason, would be a tragic loss to the area and I urge you to reconsider the application.

Yours sincerely,
Norma Westcott
