**Subject:** R-routing of Princes Parade, Public Enquiry.

I am lead to believe that local residents living in the district may write to you, its says with objections, I have NO objection to the re-routing of Princes Parade.

I think re-routing the road is entirely sensible, it will mitigate the number of houses built alongside, adjacent to or nearer to the Military Canal and it will have the added benefit of assisting slowing the speed of traffic, the current rotu is know for vehicles exceeding the speed limit.

It will also make the promenade a much safer, quieter and pleasant place to enjoy the beach and coastal area.

Regards

Ian Meyers(Resident of the Romney Marsh)

in the District of Folkestone & Hythe District Council, Kent.
