**Subject:** Prices Parade, stopping up order

Dear Sir/madam

Ref: NATTRAN/SE/5247/3254

I think I am just in time to pass on my comments re the above Stopping up Order.

I am one of Hythe residents that is not objecting to this order. I have lived in Hythe, in [REDACTED] [REDACTED] for 27 years and been in the area a further 23 years, so know Hythe well.

I think the plans for Princes Parade will be an enhancement to the sea front rather than the eyesore it is now. And we desperately need a new swimming pool.

Yes the proposed new road will run alongside the canal, an ancient monument, but so does Military Road from Appledore to Rye. I believe there would be no impact on this ancient monument by the development. The promenade to the sea side of the proposed new swimming pool will be great for the public to enjoy.

I look forward to the completion of this new development in hopefully the near future.

Yours sincerely

Mary Hunter
