**Subject:** RE: Stopping up Order - Princes Parade

Dear Tim Madden

Thank you for your email of 10/5/2021

I have read the Report from Buggles Solicitors dated May 2021 and find it as unconvincing as the Local Authorities case has been throughout the entire Princes Parade development process, including the Stopping Up Order demand

Of course I do not accept the arguments put forward in my original response have been addressed adequately and DO NOT WISH TO WITHDRAW.

If I may say so, it is very disappointing that having gone to the trouble to make an individual response, the Council have decided to try to lump my views into a general mish-mash of a response divided into 10 'themes'. I feel that if individual residents take the time and trouble to set down their views it should be incumbent on the local Authority to reply to each resident. To seek to treat me in this way means my original response has not been properly considered (or at least the Council has failed to show it has been properly considered) and this is neither sufficient nor acceptable

Yours Sincerely  
Alan Barber

**Subject:** Stopping up Order - Princes Parade

Dear Sir/Madam

**Reference: NATTRAN/SE/S247/3254 – Princes Parade Stopping Up Order**

## **Why we're contacting you**

We're contacting you because you responded to the statutory consultation regarding the stopping up and diversion of the highway known as Princes Parade. This consultation ended on 7 June 2018. Since then, the development has been subject

to a judicial review which was finally dismissed on 29 November 2019. This means that we can move forward and consider the responses to the consultation on the stopping up order.

Your objection has been carefully reviewed and considered by the council along with the other objections received. A report has been produced by Buckles Solicitors setting out the key themes of the objection to and the council's response to the objections. The full report can be found on the council's website at <https://folkestone-hythe.gov.uk/princesparadetimeline>.

The report sets out the objections received against the legal tests such as the merits and the necessity tests for a stopping up order. Please see the report for full explanations of the legal tests and considerations for stopping up order. If you have difficulty accessing the website or require a copy of the document to be sent separately to you please let us know by emailing [princesparade@folkestone-hythe.gov.uk](mailto:princesparade@folkestone-hythe.gov.uk).

You will note in the report, the objections have been categorised into 10 themes. The theme(s) relevant to your specific objection and the corresponding response is/are shown in pages 13-20 of the report.

## What happens next?

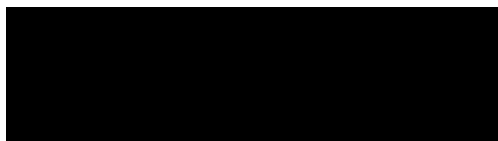

The report reviews and addresses the objections received, against the legal tests for stopping up order. If you feel your objection has been adequately addressed, you can withdraw your objection by writing to us at the following email address: [princesparade@folkestone-hythe.gov.uk](mailto:princesparade@folkestone-hythe.gov.uk)

**Any responses will need to be made by 4pm Monday 7 June 2021.**

If you feel that your objection has not been addressed adequately you may either notify us that you wish your objection to remain in place or, if you do not respond, **it will be assumed you do not wish to withdraw your objection**. Please note that any communication must be in relation to the original objection made and new objections can no longer be submitted. Any objections must also only relate to the stopping up order for the road and not to do with any wider issues of the development.

If you choose to respond, please copy in the case officer at the Department for Transport quoting the above reference number and email it to [nationalcasework@dft.gov.uk](mailto:nationalcasework@dft.gov.uk).

Yours faithfully,

A solid black rectangular box used to redact the signature of Tim Madden.
