

## Zone T2 Folkestone Town Centre Controlled Parking Zone (CPZ)

### Information for residents and businesses

#### Introduction

The main aim of the CPZ is to encourage an increased turnover of traffic and protect spaces for residents and businesses.

Your zone is identified as Zone T2, parking will be controlled between 8am and 6pm every day.

Motorcycles are allowed to park without a permit in permit-only bays and disabled parking bays are unchanged.

The CPZ will be enforced by uniformed Civil Enforcement Officers (CEOs).

A permit does not guarantee the availability of a parking space.

Vehicles displaying a Blue Badge are allowed to park without time limit in permit-only areas, shared use and limited waiting bays without displaying a CPZ permit. Normal exemptions apply on double yellow lines.

#### Parking Places

Parking places are provided in locations where parking is safe and does not obstruct other road users.

There are large signs at the entrances and exits of the Zone to indicate that you are entering a controlled parking area, when these signs are used, the council is not required to mark parking bays on the carriageway but can mark prohibitions of waiting or loading and unloading.

#### Permit Holder Bays

Only residents, their visitors and businesses with permits may park in these bays.

#### Shared Use Bays

Permit holders may park in these bays; non permit holders must follow the instructions on the signs next to the bay.

#### Disabled Persons Parking Places

These are only for use by blue badge holders, who display a valid blue badge.

#### Pay & Display Bays

All vehicles must display a valid pay & display ticket.

#### Limited Waiting Bays

Vehicles may park for the length of time displayed on the signs next to the bay.

Double yellow lines indicate NO PARKING AT ANY TIME. These apply even when the CPZ is not in operation.

#### Permits

If you own a car or van and plan to park on the street between 8am and 6pm in a permit holder or shared use bay, you will need a permit. You will also need to [buy visitor permits](#) if people visit you in a vehicle and you want them to be able to park near your home.

**If you do not need to park on the street you will not need a permit.**

**A parking permit does not give an exemption to park on yellow lines.**

#### Types of Permit

There are a number of types of permit.

##### Resident Parking Permit

If you live permanently within Zone T2, you can apply for up to two permits. Landlords who live outside the Zone do not qualify for a resident permit.

This permit allows the holder to park in a permit holder only area or shared use bay within Zone T2.

A permit does not guarantee the availability of a parking place within the Zone.

Permits are not transferable between vehicles or households. If there are several vehicles in your household you will need to apply for a Shared Use Permit.

##### Who is eligible?

You are entitled to a Resident Parking Permit if:

1. You live within Zone T2; and

The council has the right to reject any application. It is your responsibility to supply satisfactory proof of residency.
