The proposed road closure of Princes Parade is totally unacceptable. Even if the proposed development is approved, the new houses can be served from the existing road. To ruin the canal walk and the health of many people living close to the area shows a complete lack of judgement.

Will you ensure the Secretary of State is made aware of Shepway Councils proposed plans to totally ruin this area of Hythe.

They recently installed parking meters along Princes Parade, this has resulted in a complete lack of visitors. The May Bank holiday, which was the hottest for many years, must have been the quietest ever. At 11am there were no more than a dozen cars parked.

The only good thing is there will shortly be Council Elections which hopefully will show what the residents of Hythe think of these proposals
