Sir/Madam,

Please can you look at the proposal by Folkestone & District Council to 'stop' the road at Princes Parade, Hythe in Kent. It is part of a scheme to develop some of our very limited open space land into housing and an unwanted and financially unviable leisure centre. This plan has almost total opposition from locals and will cause major inconvenience but still the council plough on. Stopping this road will restrict access to our beach and will totally change the nature of this whole area.

Thank you,

Mrs Christine Raymond
