I OBJECT strongly to this road being closed and any planning permission being granted.

Many groups like National Heritage etc are totally against this whole project and are not recommending it be passed yet Shepway District Council, now Folkestone & Hythe District council, seem to be steam rolling ahead with it!

They have just spent a fortune putting in parking meters and now, 10 days after they became operational (it took longer as they had to move them from one side of the road to the other!) they are talking about closing the road.

Absolutely disgusted with their total lack of any common sense and complete waste of tax payers money.
