Dear Sir/ Madam,

I am writing to OBJECT to the proposed road closure of Princes Parade, Hythe.

This development is unacceptable and creates significant harm, but if the development were to be granted planning permission there is no overriding need to move the road as the proposed buildings could be served from the existing road. It is therefore not necessary for it to be stopped up and realigned for this development to take place.

Please may the stopping up order be considered by the Secretary of State at the same time as the planning application so that he may see the full picture?

This road is an asset to us, as residents of Hythe. Without it the traffic along the main Sandgate- Hythe road would become overcrowded and heavy. This road is a beautiful seaside route which we do not want taken away. It also provides good access to Hythe for visitors who wish to support our local town and its facilities.

Yours faithfully,

Sarah Mousley
