Subject: NATTRAN/SE/S247/3254 Princes Parade

To whom it may concern:

I am writing to oppose the stopping up of a section of Princes Parade to allow for development.

I believe that the development itself is short sighted and will cause significant harm and is therefore unacceptable. Even if the proposed development goes ahead it can be served from the existing road and therefore there is no need for this order. Also, please consider the order at the same time as the planning application so that the full picture may be seen.

Additionally I am opposed to this order because of the significant harm it will cause to the peaceful environment around the Royal Military Canal which would be a huge loss for the local community and harm tourism as well, which is a significant source of income for the local economy.

Regards, Tim Odell
