Dear Sir/Madam,

I strongly object to the proposed closure of the road along Princes Parade in Hythe should the controversial plans for building be passed.

There is already adequate provision for walking and cycling along this stretch of seafront. Not everybody is able to walk or cycle and they park along here to enjoy the spectacular views round the bay to Dungeness and across the English channel to the coast of France or inland to the hills behind Hythe and the church.

The drivers that use the road as a short cut mainly come from south of the canal and join the main road in Seabrook thus avoiding the traffic in the town.

The proposed houses which would have direct access to the beach should the road be closed would just be for the privileged few.

Moving the road to the Royal Military Canal would also impact on this beautiful stretch of peaceful water and its wildlife.

I and most of the residents of Hythe and surrounding area sincerely hope that you will refuse these plans and leave us our (unique) stretch of road.

Yours sincerely

Mrs L. Wakefield
