I write to register my objection to the proposed stopping-up of the road alongside Princes Parade.

This road closure is unnecessary and ill thought-through, considering that parking meters have only just been put in place. Even if the proposed development of Princes Parade were to go ahead, this road closure would do nothing to enrich the area.

This road is perfectly adequate, provides a highly pleasurable drive with sea views and serves to enhance Hythe as a desirable destination for tourists. Its closure would negatively impact on the wildlife that make the canal and its surrounding areas its home. The council, in its desire for immediate financial gain, has neglected to see the potential of this road and its surroundings as a draw to visitors.
