Subject: Stopping up of Princes Parade NATTRAN/SE/S247/3254

Sir/Madam

Re: NATTRAN/SE/S247/3254

I write to protest most vehemently to the stopping up of Princes Parade be Folkestone & Hythe District Council.

At present, the road serves the public in the recreation of visiting the stretch of coast and gives disabled members of our community the opportunity to access the wide and flat promenade which so many enjoy. The proposal to reroute/divert the access road to the rear to accommodate a building development is not necessary.

I hope to hear from you very soon to confirm that you have received my email.

Regards

Leslie William Barratt.
