24<sup>th</sup> May 2018

Dear Sir/Madam

I wish to make an important comment, regarding FHDC request to "stop up" Princes Parade.

When there has been an incident/emergency to cause the main A259 coast road between Seabrook and Hythe to be closed by either the emergency or council services - Princes Parade is the important diversionary route - enabling the traffic to keep moving through Hythe.

2.

This reason alone with today's heavy traffic using the 259 Seabrook route - Princes Parade is essential to easing congestion, when incidents along Seabrook Road occur.

As a prime example - I enclose a letter to all residents in the immediate area from KCC who is at this moment in time are re-surfacing Seabrook Rd and - guess what - using Princes Parade - as the DIVERSION!!!

Yours faithfully.

 (NA).
