Subject: NATTRAN/SE/S247/3254

Dear Sirs,

Re the above application of Stopping up of Road. NATTRAN/SE/S247/3254

I totally object to the Stopping up of the road for the below reasons.

- The existing road would if necessary allow any access to any future development if granted on to the site.
- The council have just spent thousands on installing parking meters that stopping up of road has been requested for so would be a total waste of public money.
- By diverting the road from the seafront to alongside the canal will prevent and restrict public access and right of way to the public beach for walkers ,swimmers ,anglers with cars to carry their fishing equipment and disabled people in wheel chairs and people in general to enjoy the views out to sea.
- The detrimental impact that would be caused if the road is moved to the Royal Military Canal which is a Scheduled Monument is immeasurable and not reversable it would cause a devastating impact on flora and fauna.
- Traffic would have to be diverted along Seabrook Road which will add to the vast amounts of traffic already using this road causing more congestion.

Yours faithfully

Miss Jenny Senter
