Stopping up of Princes Parade Hythe, Kent.

Dear Sirs

I strongly oppose the councils plans to try and stop up this road. The plans are not on safety grounds, but merely a financial gain tactic. The council wishes to build houses close to the sea, unhindered access to the sea front would increase the asking price for the properties.

Furthermore the underhanded tactics, of installing meters and charging for parking, is another underhanded tactic to make the road underused. So if nobody uses it why not close the road.

Yours Sincerely  
Nigel Dowe
