Sirs

I write to object to the proposed stopping up of Princes Parade.
I am a resident of Hythe and have been for 40 years.

The closure of this road and its re-siting behind the proposed development would not only deprive the elderly, disabled and those with children from safe access to the promenade but would have catastrophic consequence to the abundant wildlife on and beside the canal.

The diversion would also impact on traffic and parking in surrounding roads.
Even if planning permission were to be granted for the proposed development there is still no need to stop up the existing road.

Please pass the stopping up order to be considered by the Secretary of State at the same time as the planning application.

Your faithfully
Jacqueline Gore
